THE TIGER

Published By The Seniors
Of
Luther Jackson High School

F O R E W O R D

In the fleeting closing moments of our High School career we pause for a moment to take a glimpse of some memorable events at Luther Jackson High School.

In keeping with the modern trend in developing this annual, we will try to let the pictures tell the story and write as little as possible.

The foregoing pictures will reflect our devotion and respect for our teachers, our parents, classmates, and to the many varied activities of our senior year.

As you thumb through the Tiger of '63 we hope that the activities and pictures will be more meaningful to you.

DEDICATION

We, the class of '63, dedicate this yearbook to our parents and teachers who with patience and helpful understanding have guided us through our twelve years of school life.

ADMINISTRATION, FACULTY, AND STAFF

To Members of the Class of 1963

I am pleased to extend congratulations to the members of the class of 1963 as you complete your high school studies at Luther Jackson High.

You have contributed in many ways to the Luther Jackson program through participation in co-curricular activities and student organizations. The faculty and student body have been stimulated by your academic progress.

I hope that you have gained much from your experiences at Luther Jackson High and that these experiences will benefit not only you but also your fellow men.

There are heights you can attain with your training if you have a determination to achieve. It is up to you to achieve and be a credit to yourself, your parents, your school and your society.

I believe if you were to consider the fact that you must not work only to make a living, but also for the joy of helping others, your reward will be more stimulating.

I wish you the best of luck and a life of happiness.

Taylor M. Williams

A vast world of know and unkown lies ahead of you, class of '63; but whether known or unknown, it is a world of challenge, a world ready to yield the beauty and wonder of being alive if you are ready to live through service.

Opportunities are great and varied; a rich harvest is waiting for capable, prepared young hands and minds. The learning process never stops, so let each day add to your preparedness for a richer, more satisfying life.

MR. ROBERT A. TATE, B.S., M.S.
Asst. Principal

It is with a sense of profound gratitude and humility that I am priviledged to share in this the history of a very important period of your lives. It has given me a great satisfaction to watch your growth and development during the past several years. Your aims and desires of the present, cherished earnestly and sincerely, will give to you security and a sense of well-being in the future.

MR. JAMES GASKINS, B.S., M.S.
Asst. Prin. for Instruction

Secretarial Staff

All funds derived from extra-curricula school activities, such as entertainments, athletics, club dues, etc, and from any and all activities of the school, involving school personnel, student, or property, are classified as school activity funds and are under the direction of Mrs. Minor.

MRS. JEAN MINOR, Finance Secretary.

MRS. LORETTA BERRY.

MRS. GLORIA ELLIS.

MRS. CLAUDIA C. HAMMOND, B.A., M.A.
Director of Guidance

Guidance

Guidance Services are an integral part of an adequate educational program. One of the major responsibilities of the counselor and teacher is to guide and stimulate the interest of the individual in all phases of the total learning activities so that his general and special capacities are developed.

Guidance services assist pupils in achieving desirable goals by providing individual inventory, counseling placement and follow-up services.

Helping Teacher-Reading

Above is a demonstration in the use of a flash meter as a device for helping pupils in the special reading class.

MRS. MARGERY ROBINSON, B.S., M.S.
Visiting Teacher

Mrs. Robinson works with the home, school, and community on finding the causes of difficulties being experienced by students, and attempts to eliminate those problems.

Mr. Bobby L. Robinson, Psychiatric Social Worker (Graduate Training Program), Mrs. Emily Lay, Psychiatric Social Worker, and Mrs. Margery D. Robinson, Visiting Teacher, discuss a pupil who will receive therapy from the Fairfax Child Guidance Clinic.

MR. DONOLD WITTEN
Director of Health and
Phys. Educ.

The health of the entire school depends upon the services offered by the clinical staff. Left to right are Mrs. James, Mrs. Driscoll, Mr. Witten and Mr. Price.

Health and Clinic Services

Language Arts

A study of George Eliot's *SILAS MARNER* would be incomplete without a diagram illustrating the complication of the plot. Tenth graders and their teacher look on while Rosalie Hunter, also a tenth grader, explains the diagram.

The English program consists of courses and activities designed to develop the skills of reading, writing, listening, and speaking which are of value to all students in their personal, social, and occupational life.

MISS CAROLYN DEWITT,

English

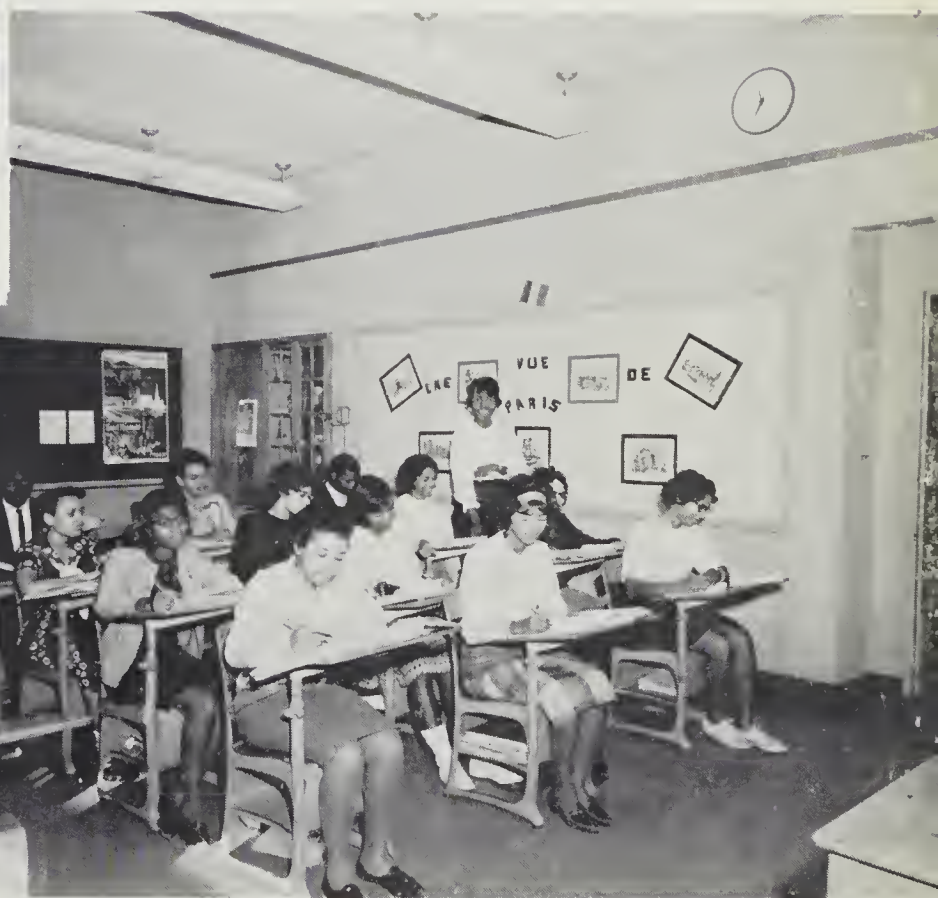

Foreign Languages

The study of a foreign language is both a progressive experience and a progressive acquisition of a skill. At no point can the experience be considered complete or the skill perfected.

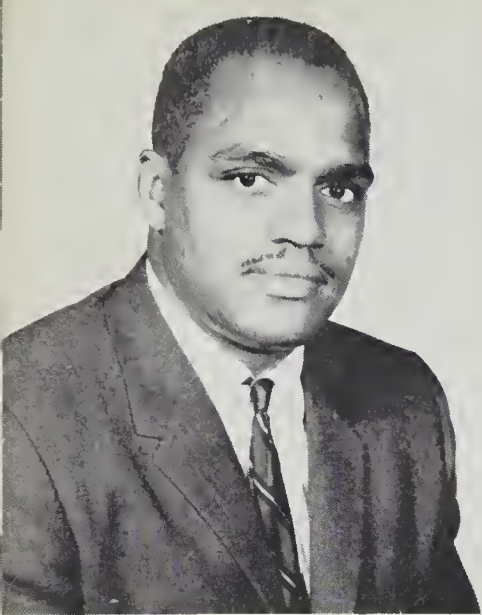

MRS. MAYME HOLT,
B.A., M.A.
Spanish

Progress in any one of these experiences is relative to the emphasis given it in the instructional program and to the interest and aptitude of the learner.

MATHEMATICS

The Mathematics Department provides for a sequential presentation of general and special mathematics contributing to present and probable future educational, vocational and cultural needs of students. Attention is given in learning activities to fundamental principles and, at the same time, significant applications are made within the learner's range of understanding and interest.

Social Studies Classes

The social studies program helps students to acquire knowledge and skills essential for good citizenship, as well as attitudes which lead to sound democratic behavior. It seeks to develop in each student an appreciation of our American heritage. A balanced emphasis is placed on the Common good and the individual good and on both the rights and responsibilities of citizenship.

MR. G. W. FELTON, B.S.
U.S. History & Government

Science

In a democracy like ours it is particularly important that people as a whole should so far as possible understand the aims and achievements of Modern Science, not only because of the value of such knowledge to themselves but because research directly or indirectly depends upon popular appreciation of its methods.

MR. EUGENE SKINNER, B.S.
Science

The specialist is likewise a layman in every science except his own and he, too, needs to have new things explained to him in non-technical language. Scientific Progress is so rapid and revolutionary these days that no one can keep up with it without some means of keeping in close contact with its new ideas and discoveries.

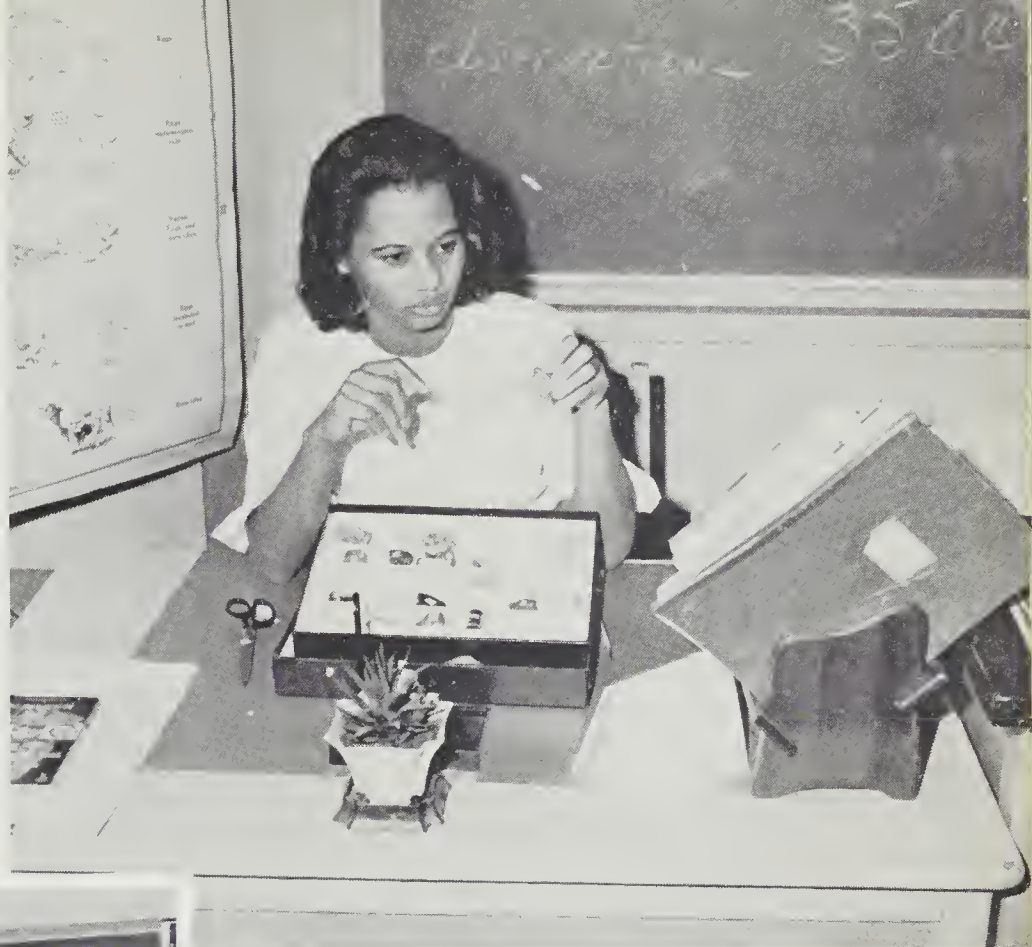

Learning is conducted in classroom-laboratory situations which provide opportunities for individual and group instruction, investigation, and experimentation.

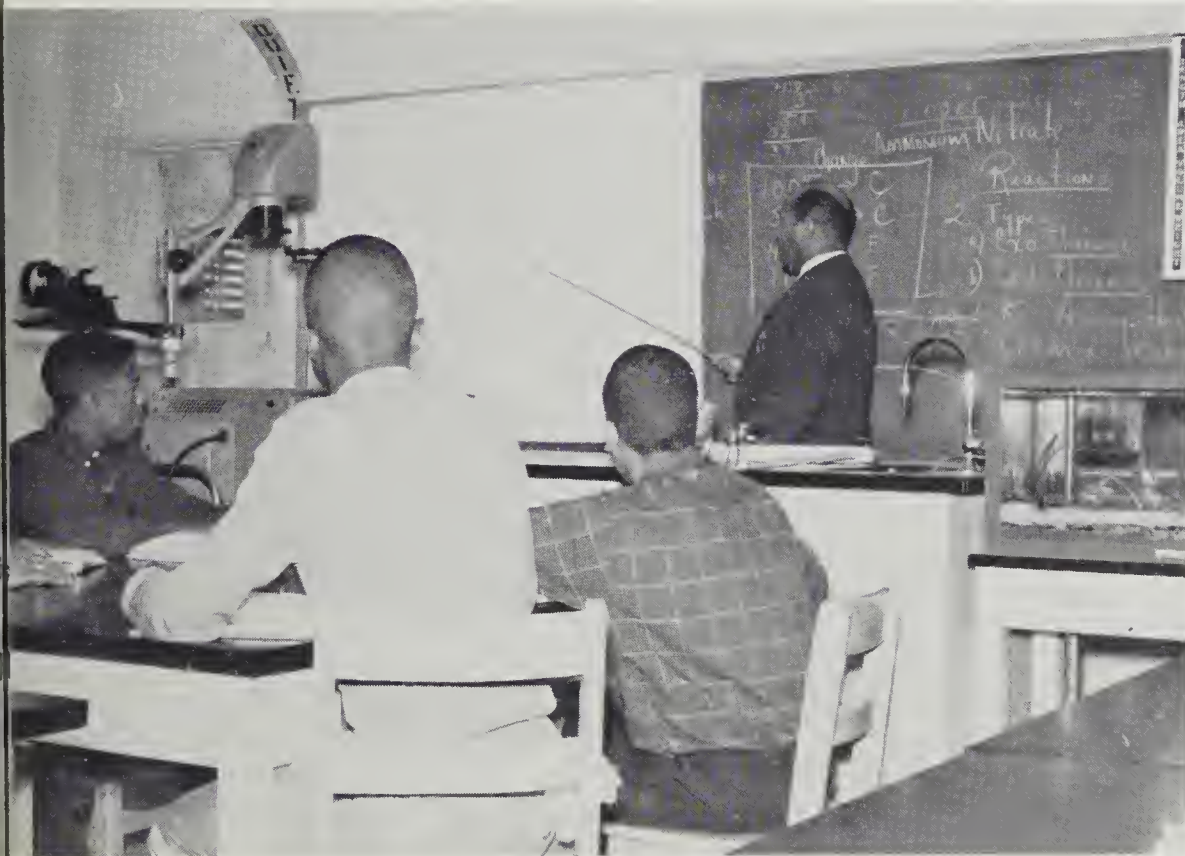

MR. DEAN HARRIS, B.S.
Science

MISS VIRGINIA MAJOR, B.S.
Science

To the left is a physical science class and below is an Earth science class. Physical Science deals primarily with energy and the laws that govern it. Earth Science deals with the physical make up of the earth, its atmosphere and its place in the galaxy.

Business Education

Business Education

Business education consists of courses and activities in the area of business designed to meet the common needs of all students and the vocational needs of students who desire to prepare for employment in business.

Business education courses are designed to develop knowledge, skills, habits, attitudes, and ideas necessary for successful beginning and advancement in business.

Choral & General Music

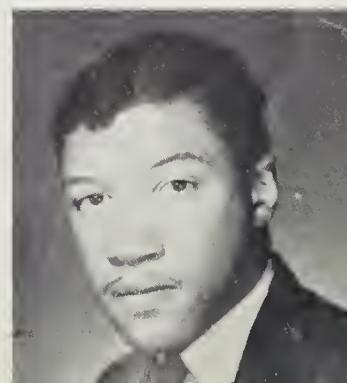

Opportunities are provided for all students to become appreciative listeners and successful participants in a variety of music activities. At the same time an effort is made in the program to discover and train students having exceptional aptitudes and abilities.

This bulletin is observable evidence that the influence of the art program is felt by the entire student body. These illustrations are examples of the creative power of our art students.

MISS MABEL JOLLY, B.S., M.S.
Librarian

The major purpose of this instructional materials center is to serve the established aims of the educational program by 1, providing a rich variety of materials, 2, offering leadership in developing techniques for the use of various materials, 3, making available facilities, services, and equipment necessary for instructional materials, and 4, furnishing facilities for and assistance in the production of instructional materials.

Barbering and Trowel Trades

Cosmetology and Barbering

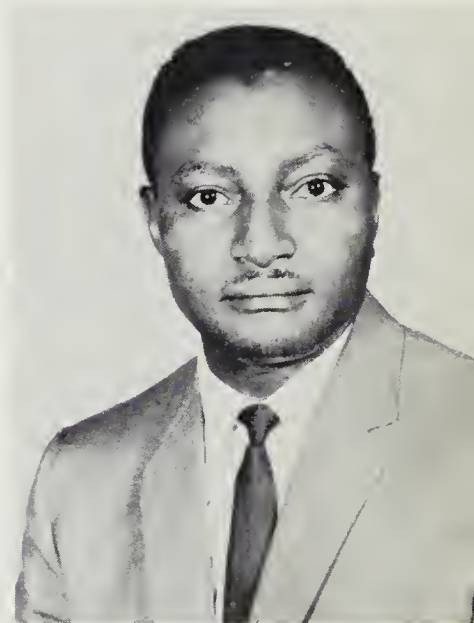

The basic purpose of vocational trade for in-school youth is to prepare them for advantageous initial entry into employment in a specific or closely allied trade, industrial, technical or service occupation.

Industrial Cooperative Training Program

Industrial Cooperative is a form of cooperative part-time education, designed to provide vocational industrial training opportunities for high school juniors and senior. It is a co-operative enterprise between business and industrial establishments in the community and the public high school. The establishments furnish part-time employment and training to students during school hours. Through this employment the students learn the manipulative part of their jobs under actual working conditions. At the same time the school furnishes the technical subject material related to the job being learned.

Homemaking

School experiences in home economics are correlated and integrated with the home and community life of students. The experiences are based on an analysis of the conditions and needs of the community.

Our Cafeteria

It is necessary for a wholesome diet and we are assured of such by the competent staff shown here. Lunch time is also a time for relaxation for the personnel as well as the students.

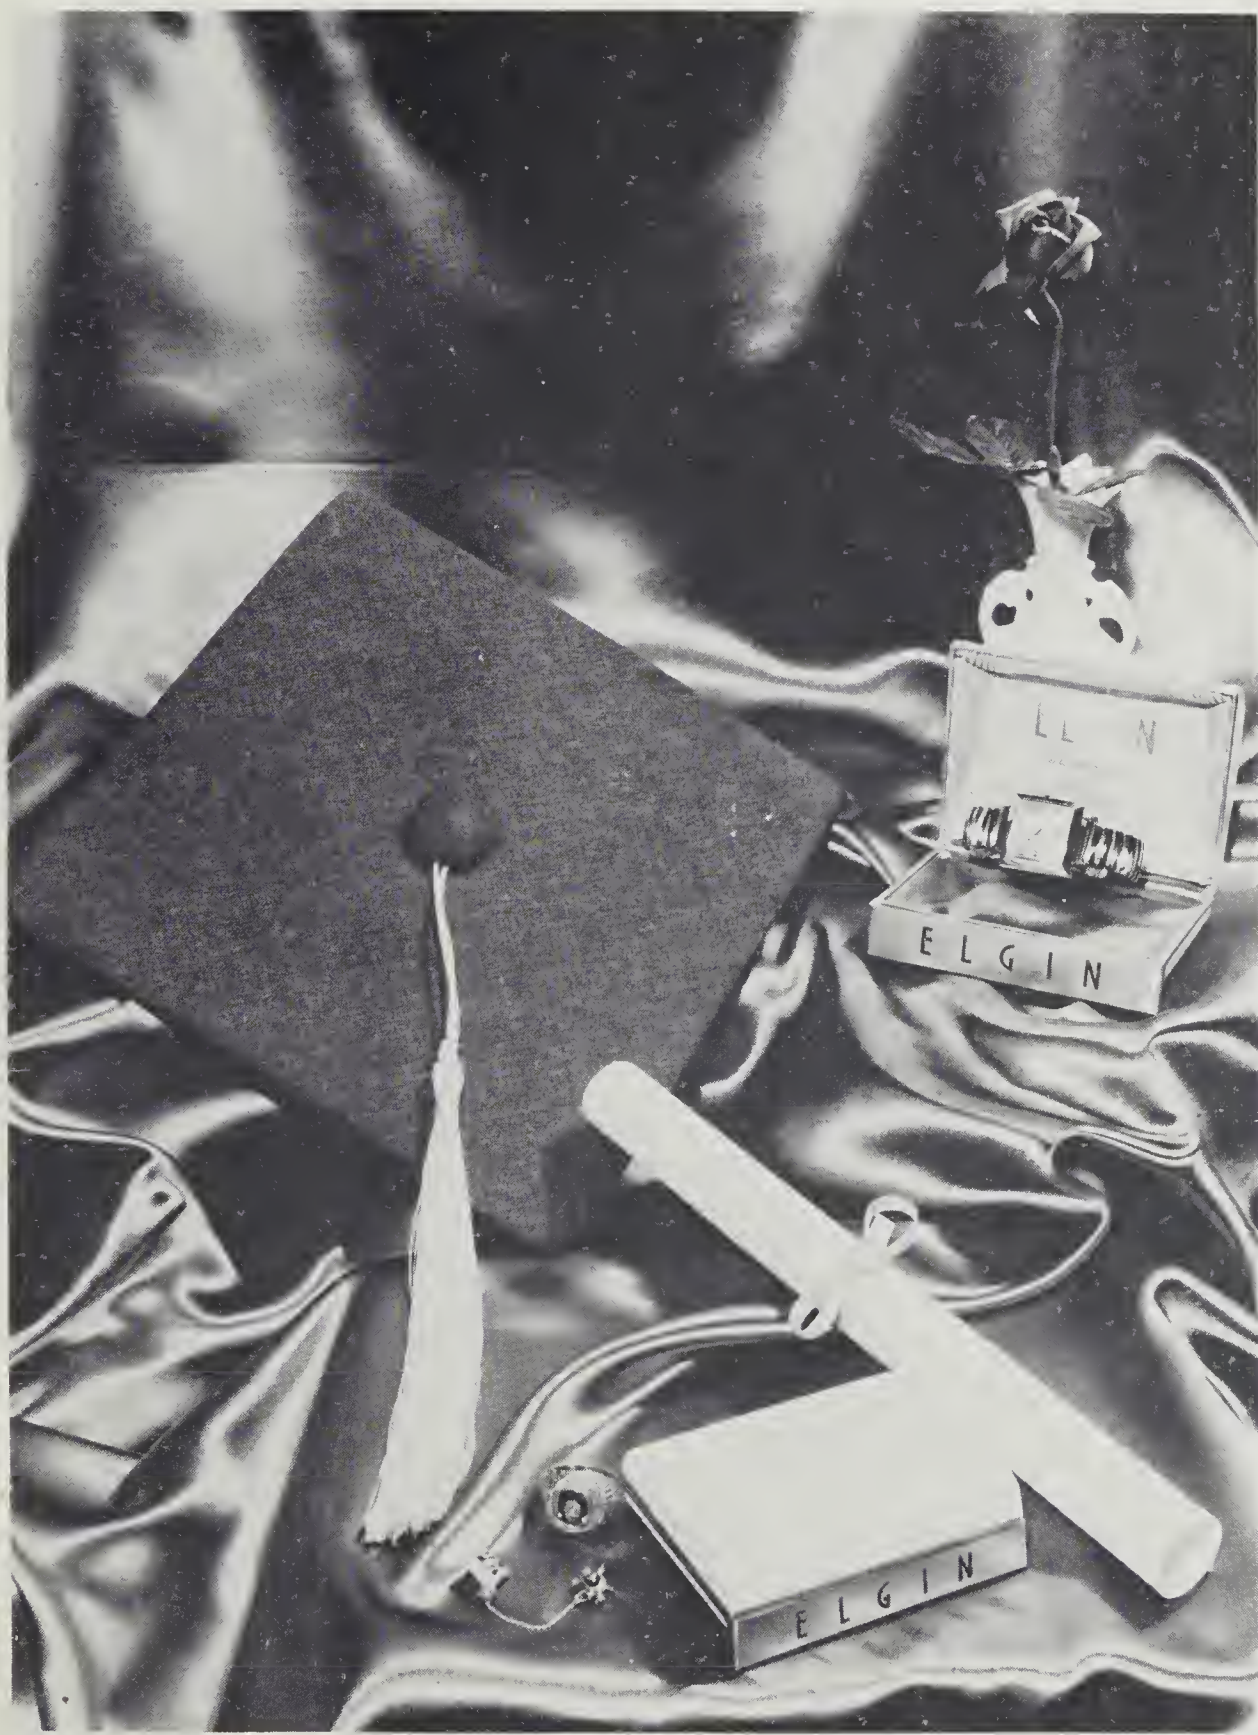

Above are a few of the many bus drivers serving our school. From left to right are: Mrs. Hlen Hamilton, Mr. Hewes Gibson, Mrs. Kathleen Coates, Mr. Russel Smith, and Mr. Arthur Edwards.

Our school is served by sixteen buses coming from all communities of the 405 sq. miles of Fairfax County. We are proud of our competent drivers.

Mathematics and Science Activities

Everyone should acquire some knowledge of science because we depend so heavily upon science and technology for our survival and progress. Our educational system must produce competent specialists since we are a democracy in which citizens are the ultimate policy makers. A large number of us must be educated to understand, to support and when necessary, and to judge the work of the experts.

F.B.L.A.

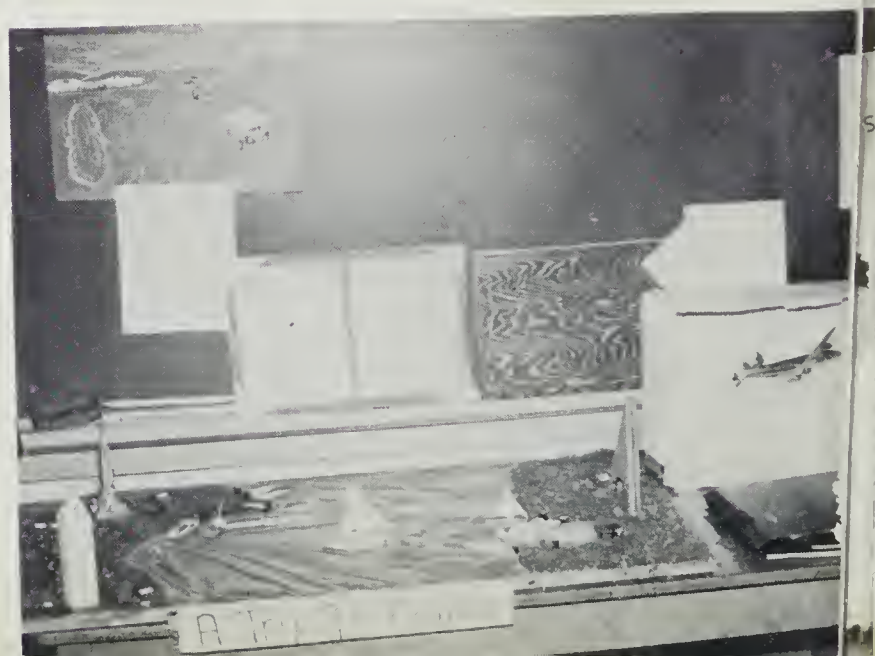

The officers of the Future Business Leaders of America for the school year of '62 and '63 are as follows:

Bessie Harris	President
Melba Lee	Vice-President
Lucy Rich	Secretary
Helen Rich	Assistant Secretary
Iretha Brooks	Treasurer
Dianne Dodson	Reporter

The F.B.L.A. at Luther Jackson celebrated Business Week, March 11, through March 15, 1963. Features for Business Week were: An Assembly Program with speaker and skit; and exhibits from the General Business and Typing Classes.

Shown below are: Mr. R. Charles Long, Assoc. Prof. of Business Education-Virginia State College, and Mrs. Crudup, F.B.L.A. Sponsor. To the extreme right is an exhibit prepared by Eloise Duncan a student in Business Education.
